

MEETING THE NO. 1 NEED: FOOD INSECURITY

A program made possible by the Hazel Ruby McQuain Charitable Trust and Milan Puskar Foundation

The food program is an anchor impact project at the former hotel on Scott Avenue.

"Receiving food has lifted the worry off of my shoulders. I have not had to worry about choosing between my diabetic medication and going to the grocery store."

A woman receiving food from the Helpful Harvest Food Program has been canning all of the items she has received. She was diagnosed with cancer and wants to make ensure that when she is hospitalized, her family has food to eat.
